2 Charter Kit information

Between Wednesday, December 16th and Monday, January 4th, no charter kits will be mailed out due to schools closing for the holiday season. This is a process we do every year, so we do not have items being returned, or they are left at the school only to be reported as never received.

3 Kiwanis One Day Video Contest

Kiwanis One Day contest deadline has been extended until February 15. More details at www.kiwanisone.org/oneday (entry for contest is under Quick Links).

This is a great opportunity to get a professional video for your district!

4 Kiwanis gets new membership software

The Kiwanis Staff is currently being trained on an improved member software program.

Also, the system will not be operational from January 4 - 10 as that will be the week of conversion and testing. For this reason we may not be able to provide or place updated district dues paid/unpaid reports on the Web site until the first dues transfer on January 21. We do not anticipate any other changes to this schedule, but if for some reason we encounter any problems, you will be notified via email.

Should you have any questions or concerns, please let us know. Thank you for your patience as we continue to improve our technology to better serve you.

5 Holiday Break

The Kiwanis International Office will be closed from December 25, 2009 to January 4, 2010. If you need immediate assistance, please call me on cell phone. I hope that you all have a wonderful holiday season! Here is to a wonderful 2010!

6 Board Meeting

The Board will be in Indianapolis January 7-10, 2010 for their Board meeting. If there are issues that your district would like to see covered, please contact your subregional representative or President Jason or Vice-president JJ.
